PARENTING TIP FROM THE DIOCESE

Experts have known for a long time that what children can't express they act out. As parents it is our role to analyze what may be causing poor behaviour and then help our children identify and work through their angst. Once children learn to use their words and express their feelings, life will be calmer in your household and they will gain skills that will help them throughout their lifetime. When your children act up, suppress your anger and help them to understand what is really going on; you will find both of you will be smiling more often.

ORDINATION OF TRADITIONAL DEACONS
