Reflection: The Biblical significance of talents is 'money' to be invested. The two servants invested and reaped a profit, while the third did not, being afraid of losing and being punished. Ironically, he was the one who was given the least and from whom the least was expected. But even that little he failed to produce. He did not take the risk and was punished and his talent was given to the one who made more profit. Today we

understand, 'talent' is a special skill or gift given by God. Today's gospel makes it very clear that we are expected to make an active and positive contribution: taking an active part in our Church activities, and making a contribution to the betterment of our society. The work we do with love, for our family, community society and the world at large, is making use of our 'talent', When love is made visible by our work and when we glorify God for giving us the strength and humility, it is making use of our real 'talent'. 'God's Word, Daily Reflections 2023.'

Lord Jesus Christ our Sovereign King the beginning and end of all things, you have made your Church to be a people that bears witness to the goodness of your kingdom By your Holy Spirit, you have united us as one body, called to live as one family of God. Fill our hearts with your grace, that we would be close to you by being close to the vulnerable and marginalized.
