## Friar's Nook

Last Saturday we had a day of renewal for our ministry leaders in the parish. It was my first time conducting this here and I was a little nervous but by the end of it most of them said that we should do this again. They were very enthusiastic and in fact when I broke them into small groups to discuss, I had to ring the bell to get the attention to come back to the large group because they were talking so much! Given the positive response since I got, I'm looking at scheduling some others throughout the course of the year so be on the lookout for that.

One of the things we did was I asked them to submit a few words as to why they come to Saint Joan of Arc. On the advice of the Pastoral Council, I put these words in a "word cloud." You can see the results in the parish hall on the wall. For those of you who are not familiar with word clouds, the larger the word the more frequently it was mentioned. As you will notice the word "community" and the word "fellowship" really stand out. I can't tell you how much it pleases me to see that because you are the community, and you are the fellowship at the parish.

More good news, we were able to get air conditioning in the parish hall with just minor changes to our system. This not only means that it will be more comfortable for us using the hall throughout the summer but also it makes the hall more rentable to outside groups because it has air conditioning. This is a win-win!

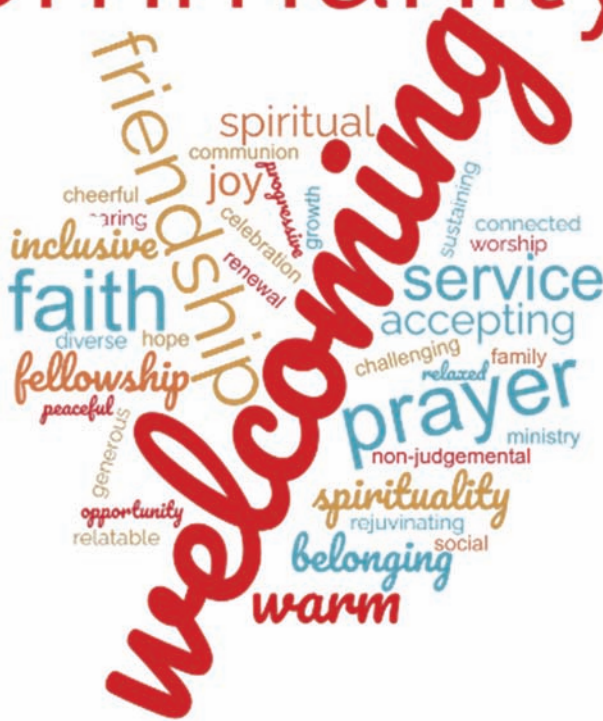

As many of you probably know, Pope Francis met with comedians last week at the Vatican. While some might think it's a trivial waste of time with all the things going on in the world, but I think it's a wonderful chance to affirm the gift of laughter. I can tell you that I firmly believe that a baby or a child's laughter is genuinely bomb for the soul! When I hear that true laugh, I literally feel physically better. Pope Francis said: *"In your own way, you unite people, because laughter is contagious. It is easier to laugh together than alone: joy opens us to sharing and is the best antidote to selfishness and individualism. Laughter also helps to break down social barriers, create connections among people, and allows us to express emotions and thoughts, contributing to building a shared culture and creating spaces of freedom."*

I hope that we can share a laugh together sometime soon.

*Happy Canada Day,  
Fr. Bob*
