Current parish guidelines require parishioners to complete a self-screening at home before coming to the church, and to keep a log of all visits. The University is requiring that visitors to campus, regardless of the purpose of their visit, must be fully vaccinated (provided they are eligible for vaccination), and wear masks while on campus (we can provide one if needed). Exemptions to the vaccine requirement must be approved by the University of Toronto.

Students, Faculty, and Staff of the University of Toronto, are required to complete the screening via the University's U-Check tool. Parishioners who are not students, faculty, or staff of the University of Toronto, must use the visitor attestation form available in the narthex.
