THE THREE EPARCHS OF THE UKRAINIAN CATHOLIC CHURCH serving in Canada published a Pastoral Letter recently “to the Clergy, Religious and Faithful of the Ukrainian Catholic Church in Canada, and to all Good People”, calling for prayer, fasting, and action as “the war in Ukraine rages on with no end in sight.” They compare the current dire situation of the people of Ukraine to “the Holodomor-Genocide (Ukrainian Famine) of 1932-1933, which claimed the lives of millions of people in Ukraine”. They implore people to pray daily for peace in Ukraine, to fast for the people of Ukraine and for peace in their country, and to give alms as a way to identify with the needs of the people of Ukraine. It is a clear roadmap to making a difference in Ukraine.

PARENTING TIP OF THE MONTH - Parenting Tip 143
- When faith is important to parents they sometimes worry that their children may drift away from the faith, as they get older. But there is important research that tells us there are ways to help our children to stay connected: 1. Demonstrate a strong faith yourself; 2. Live out the Gospel values in all you do; 3. Read the Bible as a family (and adding discussions about what you read helps too!). It may seem too simplistic, but it can and does work. The reward for your children will be the confidence they feel in knowing that they have a God who is always with them, guiding all they do. From: Family Ministry Office: 905-528-7988 ext. 2250.

MARRIAGE TIP OF THE MONTH - Marriage Tip 123
- In October we celebrated Thanksgiving, a time to reflect on and be grateful for the bountiful harvest that provides us food for our journey and for the many other blessings in our lives. It is a perfect time to sit down as a couple and reflect on the “harvest” of your own marriage. What has fed you and helped you grow? What relationships have enriched your lives together? How have you grown as a couple? Are there things you need to do so that next year the “harvest” will be even more plentiful? When we are thankful for something we treat it with love and care and so it flourishes – try it and see! From: Family Ministry Office, 905-528-7988 ext. 2250

Prayer to St. Albert the Great

God, You made St. Albert great
by enabling him to combine human wisdom and Divine Faith.
Help us so to adhere to his teaching
that we may progress in the sciences
and at the same time come to a deeper understanding
and love of you.

Amen.

St. Albert the Great
November 15th

The saint and doctor of the Church who would be known as Albertus Magnus was born sometime before the year 1200. He was probably born in Bavaria, a fact we infer because he referred to himself as "Albert of Lauingen," a town which still stands today in southern Germany.

We do not know for sure all the details of his family origins, but we know he was well educated. He attended the University of Padua where he learned about Aristotle and his writings. This instruction in philosophy would become the foundation of his later work.

Sometime around the year 1223 or so, Albert experienced an encounter with the Blessed Virgin Mary. This encounter moved him so much that he chose to become a member of the Dominican Order. He thereafter studied theology.

He excelled in his studies and later became a lecturer for the Dominicans at Cologne. He also traveled around the region to lecture gaining regional, then international acclaim.

At the same time he started lecturing, Albert produced "Summa de Bono," after collaboration with Phillip the Chancellor, who was a renown theologian from France.

In 1245, Albert became a master of theology under Gueruc of Saint-Quentin. He was the first German Dominican to achieve the title. He later went on to teach theology at the University of Paris, and became the Chair of Theology at the College of St. James. One of his students was the famous Thomas Aquinas who would also become a doctor of the Church and a saint. He mourned the early passing of his great student, Thomas Aquinas, who would later be recognized as a saint and doctor of the Church. Aquinas died in 1274. Albert spent his last years defending the work of Aquinas which is among the most important work in the Church. Albert became ill in 1278 and he died on November 15, 1280. During his life, Albert wrote thirty eight volumes covering topics ranging from philosophy to geography, astronomy, law, friendship and love. Three years after his death, his grave was opened and his body found to be incorrupt. When his grave was again opened centuries later in 1483, they only found his skeleton. His relics are presently found in the St. Andreas church in Colonge.

Albert was beatified in 1622 by Pope Gregory XV. He was canonized and recognized as a doctor of the Church in 1931, by Pope Pius IX. He is the patron saint of scientists. His feast day is November 15th.
