*Voting as Catholics - 2019 Federal Elections*

Dear Parishioners:

On October 21, 2019, Canadians will exercise one of the highest duties of a democratic citizenry: voting. Sadly the majority of the eligible voters do not participate. It is paramount that we exercise this precious democratic right to help shape policy that will influence our society for generations to come - climate, health care, security, employment and opportunity, industry and farming, fiscal responsibility, jurisprudence, moral questions and ethics on life, etc. Below is an excerpt from the guidelines put forth by the Canadian Conference of Catholic Bishops, “Voting as Catholics 2019...”. For the complete version click [http://www.cccb.ca/site/images/stories/pdf/2019\\_Federal Election Guide.pdf](http://www.cccb.ca/site/images/stories/pdf/2019_Federal_Election_Guide.pdf)

God bless,  
Fr. Peter Ciallella

“Canadian Catholics are being called upon as citizens to exercise their right to vote. The Church encourages and reasserts its belief in “the political freedom and responsibility of citizens.” By exercising their right to vote, citizens fulfill their duty of choosing a government and at the same time send a clear signal to the candidates being presented by their political parties for election. The important time leading up to an election also provides Canadians with the opportunity to interact with fellow voters, one’s neighbours, and the candidates themselves (particularly during their visits to neighbourhoods), raising awareness about the values, views, and concerns shared by Catholics across the country. Political candidates are citizens, too. In addition, they assume responsibility for the well-being of the public. Their commitment and dedication are a generous contribution to society’s common good...

While Christian beliefs do not constitute a political platform, they can be seen as a prism through which to analyze and evaluate government policies, laws, and programs. The principles of respect for life from conception to natural death and of the dignity of the human person should influence how Christians assess a party’s position on key moral issues. Choosing life also means being always concerned for the weakest among us – physically, economically, and socially. It likewise implies the protection of the most fundamental human rights, including the right to religious freedom and freedom of conscience.”
